Education

Indian Institute of Technology (Indian School of Mines), Dhanbad <i>Bachelor of Technology in Mining Engineering</i>	2022–2026 <i>Dhanbad, Jharkhand</i>
--	---

EXPERIENCE

The Singareni Collieries Company Limited (SCCL) <i>Vocational Trainee, SRP OC-2 Open Cast Mine</i>	May 2024 – June 2024 <i>Mancherial, Telangana</i>
- Assisted in drilling, blasting, overburden removal, and coal extraction activities in surface mining operations. - Learned operational workflows of HEMM including shovels, dumpers, dozers, and hydraulic excavators. - Supported leveling, pit boundary marking, and bench monitoring using auto-level and total station. - Gained exposure to haul road planning, bench slope design, mine production logging, and shift coordination.	
Field Visits (Noamundi Iron Ore Mine, Jhanjra UG Coal Mine)	
- Conducted field visit to Noamundi Iron Ore Mine to study large-scale opencast mining operations including drilling, blasting, and material handling systems. - Completed field visit to Jhanjra Underground Coal Mine to understand underground mining practices, focusing on ventilation systems, roof support, and safety protocols.	

Projects

Method of Working Under Geologically Disturbed Roof
- Analyzed roof behaviour in faulted, jointed, and weak-rock strata to identify major stability challenges. - Designed support systems including bolting patterns, reinforced supports, and controlled extraction techniques. - Proposed a systematic procedure to enhance safety, reduce roof-fall risks, and improve operational efficiency.
Mining Cost Leakage Analysis (Operational Efficiency Study)
- Examined fuel usage, blasting activities, material handling, and manpower data to identify hidden cost losses. - Measured avoidable expenses and highlighted major leakage areas using structured analysis and visual summaries. - Proposed a practical cost-reduction roadmap to improve efficiency and reduce operational waste.

Skills

Data Analytics: Python, SQL, Microsoft Excel, MS Word, Power BI, PowerPoint,
Technologies: GEOVIA Surpac, ArcGIS, Google Earth Pro.
Soft Skills: Problem Solving, Self-learning, Presentation, Adaptability, Time Management
Leadership & Collaboration: Team Coordination, Project Ownership, Cross-functional Communication

Achievements

- Secured an All India Rank of 1251 in JEE Advanced 2022, organized by IIT Bombay. - Achieved 2nd place in Mining Olympiad at Khanan 2024, demonstrating strong analytical and problem-solving skills in mining engineering. - Secured runner up position in Telangana state level badminton competition.

Social Engagements

Startup Cell Member: Active member of the Student Startup Cell, NVCTI IIT (ISM).
Event Organizer: PR Organizer for Srijan'24, and Logistics Organizer for Khanan'23, managing event and outreach.
College People Leader (CPL): Served at TTWR (IITSC), leading student engagement initiatives and community activities.
Sports Engagements: Active in Cricket, badminton, and chess for fitness and mental agility.
